02 THE FINE PRINT

WHAT'S NOT INCLUDED

- Full site redesigns or new site builds (separate project proposal)
- Content writing beyond the blog posts included in your tier
- Ad spend — billed to your own ad accounts (we manage, you own)
- Photography, videography, or brand identity work
- Third-party software subscriptions (CRM, email tools, etc.)

THE VALUE COMPARISON

Tier 1 gives you a developer and SEO specialist maintaining your entire digital presence. One part-time developer alone costs **\$5,000–\$8,000/mo.**

Tier 2 gives you a fractional marketing strategist, an ads manager, and a developer. Those roles part-time would run **\$8,000–\$12,000/mo.**

Tier 3 gives you a full growth team — developer, SEO strategist, paid search & social managers, and an automation builder — for **less than one full-time hire.**
